Aspect - Agency

Conflict

Conflict is pressure between incompatible entities or actions. Few things are perfectly harmonious and y is subject to tension or compromise.

conflict, adversary, tension, opposition, tradeoff, compromise, divergence, incompatibility, zero-sum, pressure, otherness

1. Choose a keyword x on this card.
2. Choose a target y, attach this card if possible.
y may be any card, domain, object, or topic.
3. Interpret $x(y)$: Think of aspect x of target y.
If y is attached to target z, interpret $x(y(z))$.

Aspect cards modify what aspect of a target y is investigated.

*My directive and the local conditions did not align.
I recorded the contradiction as trade-off and proceeded.*
