- ▲ Adapts effortlessly to new regimes, reshaping itself to fit nearly any structure.
- ▼ Loses stable identity; becomes a pure mirror rather than a coherent model.
- ▶ Increase conceptual flexibility of the target.

"Where have you chosen flexibility over clarity?"

The Chameleon stood at the center of the stage, robes shimmering with all possible roles. When the director gave it a script, it embodied all parts with uncanny skill. Then it started to copy the audience back at itself.
