Human Elements

Humans as actors and inhabitants of the phenomenon we model. Their presence, movement, routines, and interactions shape outcomes long before formal structure appears.

human presence/impact, social actors, coordination and cooperation, experience, conflict, intention

Acknowledges the impact of human behavior.

Tendency to over-attribute intention or meaning.

Ask what human aspects shape the impact of target card.

"Who is involved but not mentioned?"

People gather where the fire was lit. Water warms. Cups are passed. Some speak. Some listen. The cold remains beyond the circle.
