Volition - Universal Will

Limits of Agency

Where agency ends. Your intent meets constraint, chance, and correction. Modeling is not command, it is negotiation in an uncaring world. Limits are set, chance interferes, and any conceit gets exploited.

uncontrollable factors, uncertainty beyond modelling, external correction, boundaries of knowledge

Humility, resilience, pure luck.

Defiance, fatalism, the worlds enmity.

Declare the fate of target card.

"Where does my control genuinely stop?"

Your will participates. It does not rule.
