Modelling style

The inevitability of self-expression. Even neutrality has a style. Every model carries traces of its maker: habits, preferences, ambitions, tastes, fears. This is not corruption if it is acknowledged.

- ▲ Coherence and identity in modeling.
- ▼ Turns character into dogma; preference into law.
- ▶ Identify which aspect of target card "feels like you."

"Which aspects of this model exist because I exist?"

You did not mean to shape it this way. Still, it resembles you. Absence would have left a trace too.
